

GRANTORINO™ KIWI GRADER

A CHOICE FOR EXCELLENCE
IN GRADING MACHINERY

Food Automation
ENGINEERED FOR EXCELLENCE IN MACHINERY

ELISAN

THE GRANTORINO™ KIWI GRADER

The robust Elisam Grantorino machine has resulted in a leading solution for the kiwi industry. The unique mechanical design delivers gentle handling of any type of kiwi.

Choose the Grantorino and enable a substantial reduction of labour costs and an improved operational performance.

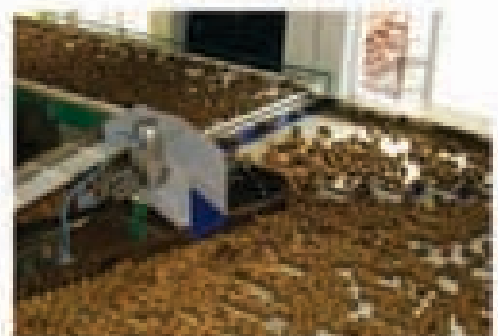

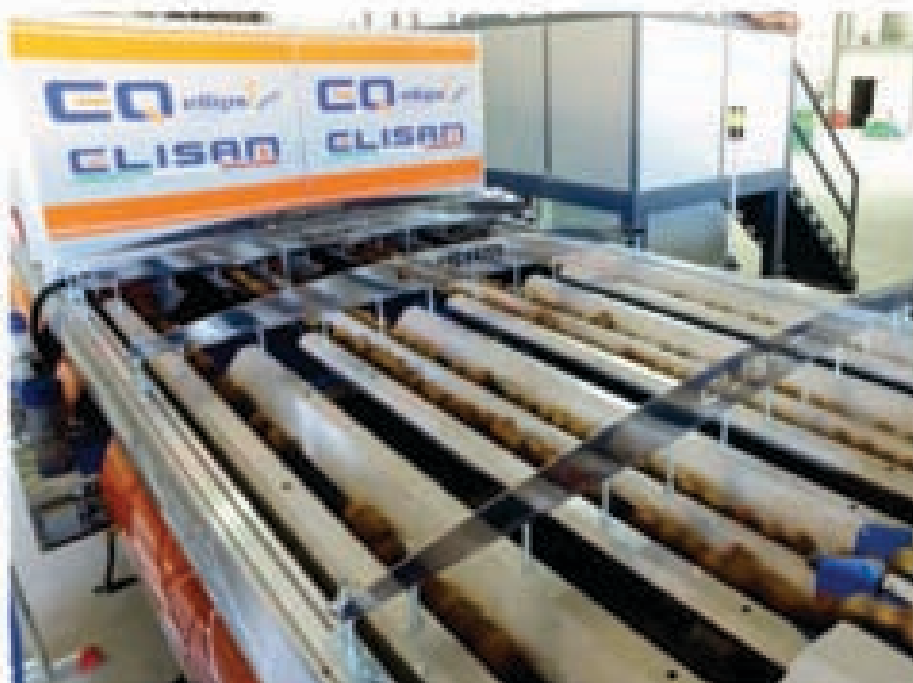

TECHNICAL FEATURES

- From 1 to 8 lanes
- Average 3000 kg/h | 6600 lb/h per lane
- Up to 15 cups p/s per lane
- Cup and roller trolleys
- Gentle discharge with polymer curtains
- Automatic control of the exits

"I PURCHASED THE ELISAM - ELLIPS SYSTEM YEARS AGO AND STILL
CONSIDER IT ONE OF THE BEST DEALS I HAVE EVER MADE."

- KOLIOS CHRISTOS | KOLIOS | GREECE

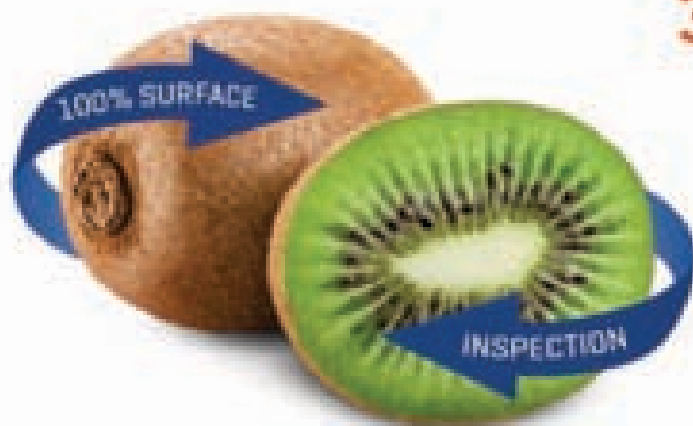

NEXT LEVEL GRADING

The GranTorino is equipped with the latest Ellips grading technology. We use HD+ multispectral cameras (3.2 megapixel) to take 30 different images per kiwi. This results in near-perfect size (submillimeter) and color separation and highly accurate sorting on defects for kiwis.

TRUESORT™ SOFTWARE

Ellips TrueSort™ software lays at the heart of each Ellips sorting line. It can interface seamlessly with your packhouse management system. With our user friendly software you can fine tune your sorting process to deliver consistent quality and get premium prices for your products.
